The final Parent Teacher Council (PTC) meeting of the year will be this Wednesday at 7:00 pm in the Art Room. Officer positions, including the President and Secretary, are open and need filled for the 2019-2020 school year. This group helps plan special events for students, teachers, and families throughout the year. Please consider giving your gifts to this group!

School Advisory Council Voting

We have five candidates running to serve three-year terms on the School Advisory Council. This group works to advise the Principal and Pastor in school related matters. Please take time to review the five candidates and cast your vote for those you best think can contribute to serving in this role.
